

MEC ALU-FINISH

ALKALINE NON-BUTYL ALUMINUM CLEANER AND DEGREASER

SAFE - NONTOXIC - NONCORROSIVE - NONACID - NO FUMES

A powerful, super concentrated non-butyl cleaner for the removal of all types of soils. It can be used on most surfaces that can be wet with water, including aluminum when used as directed and will not etch glass. Superior results on all painted and aluminum transportation equipment, air conditioning coils, concrete surfaces, machinery and industrial soils. Excellent for food handling equipment and is authorized by the USDA for use in federally inspected meat and poultry plants.

DO NOT USE ON HIGHLY POLISHED OR ANODIZED ALUMINUM

**** Note:** If the cleaner darkens the aluminum lowers the concentration and or the temperature of the cleaning solution. ******

DIRECTIONS: Wear eye protection and protective clothing when mixing or handling concentrate. Apply manually, by low or high pressure spray, steamer, or foamer. Dilute concentrate with hot or cold water.

- General cleaning applications Start with 3 - 4 ounces/gallon of water
- Use more or less cleaner as required to rapidly remove the degree or type of soiling.
- Heavy duty cleaning application 12-16 ounces/gallon of water
- Rinse thoroughly with hot or cold water after cleaning.

FOR INDUSTRIAL USE ONLY

CAUTION: KEEP OUT OF THE REACH OF CHILDREN. CONTAINS HIGHLY ALKALINE BUILDERS. Avoid eye and skin contact with concentrate. If contact occurs, wash area immediately with water until irritation stops. If irritation persists, see a physician. Wash contaminated clothing.
